

Concrete Hoppers

Concrete Hopper - The self-dumping hopper accessory could automatically start to both unload and release whenever the bumper release touches the side of a dumpster. Once dumping is finished, the hopper is able to go back to original locked and upright position. This piece of equipment is also presented with a cable that allows operation from the seat of the forklift to be able to have the option of manually dumping the hopper. There is a locking chain provided to be able to secure the hopper to the fork truck. This particular product is made with reliable and consistent robotic welds for maximum strength. The lift truck dumping hopper also has a blue powder coat finish so as to maintain durability.
