

## TCM Forklift Part

TCM Forklift Parts - In the global business of material handling, lift trucks play an important part for transporting industrial goods. Primarily innovated as industrial vehicles in the 1930s in the United States of America, forklifts gained popularity after WWII during the 1940s. Becoming an efficient and reliable means to material handling solutions, the practicality and need of these equipment spread globally.

Originally founded as Toyo Carrier Manufacturing Company Limited, in the year 1949, the company was later renamed Toyo Umpanki Co. previous to becoming recognized as the TCM Corporation. Founded by Mr. N. Niwa manufactured Japan's first lift truck. Through the years, TCM forklifts have become a worldwide leader in forklift manufacturing and have built a solid reputation with the trade. TCM began constructing lift truck manufacturing locations outside of Japan during the 1980s and is currently engaged in forklift manufacturer at three foreign factories in Europe, China and the United States.

With over 50 years of accumulated technology and expertise, TCM has been proudly making many models of industrial trucks, making their models known all around the world. With an energetic and strong workers, TCM has been able to constantly work towards becoming a future leading material handling company.
